## NEWS-SENTINEL

SERVING THE MONTEREY PENINSULA INCLUDING FORT ORD

Vol. 28, No. 13, Wednesday, March 13, 1974

510 Broadway Seaside, Calif. 93955 Area Code 408: 394-6632

10 cents per copy; \$5.00 per year by mail

### News Roundup

Mrs. Jane Ramirez was named editor for the Spring issue of the magazine, Poetry Shell. The Poetry Shell, issued twice a year, was founded to encourage poets on the Monterey Peninsula. Prize contests in four categories, adult, adult humorous, teenage and juvenile, are conducted in each issue.

Marie Ann Gilbert, Seaside, won honorable mention in the autumn issue for her verse, "Eloquently."

Information about submitting poems to Poetry Shell may be obtained by calling Mrs. Lois Wilson, 372-1863, or Mrs. Jane Ramirez, 624-7313. The deadline for sumbitting verses for the prize contest is April 1.

\*\*\*\*

A workshop in woodblock printing conducted by internationally noted artist, Antonio Frasconi, will be presented at the Monterey Peninsula Museum of Art during Easter Week. The enrollment will be limited to 20 students on a first come basis for a fee of \$65 for 5 days, April 8 through April 12.

Currently a resident of South Norwalk, Conn. Frasconi was born in Montevideo, went to New York on an Art Student's League scholarship in 1945 and since then has had exhibitions and awards too numerous to list. He has produced many outstanding handprinted limited editions, is especially known for his children's books and has represented Uruguay in the Venice Biennale. His widely recognized achievement in the rejuvenation of woodcut art is due to his having rescued the technique from an excess of refinement that was really not suited to it. In using the simplest of tools, no complicated instruments or precision machines, both the subtlety and personal touch are actually enhanced.

For advance registration call the Museum, 372-5477.

### Students Try For Bank Scholarships

Four graduating seniors from Monterey High School have been named to represent their school in the Bank of America's 1974 Achievement Awards program, Principal Frank Jacobson has announced.

The four students and their fields of study are Helen Ma, science and Mathematics, Dwight Agan, liberal arts, Joy Carpenter, fine arts and Gloria Corpuz, vocational arts.

Jacobson said 11 other seniors will receive certificates of merit for excellent performance in specific study fields. The are: Carolyn Lowe, art; Florence Myles, drama; Lance Henderson, music; Diane Rogers, English; Dianne

Espinosa, foreign language; Sharon Glasser, social studies; Jonathan Shaw, laboratory science; Atila Finta, mathematics; Julie Chung, business; Patricia Markham, home economics and Alan Fowler, trades and industrial.

The four top seniors will receive engraved plaques and proceed to the zone competition to be held March 19 at the Del Monte Hyatt House in Monterey. They will be competing with seniors from 12 neighboring high schools.

Zone winners go to regional finals scheduled in April and May where cash awards of \$1,000 are available in each study field.

### Red Cross Gets Grant

The California Office on Aging has awarded grants to an additional 13 organizations participating in SSI-ALERT, a 90 day, federally funded project initiated to locate and counsel persons newly eligible for income assistance since the federal government's assumption of administering benefits to those persons who are blind, disabled or over 65 years of age. Nine grants had been previously awarded. Among these organizations is the Monterey County District American National Red Cross, 942 Lupen Dr., Salinas, which received \$7,337 to conduct the SSI-ALERT from February through June.

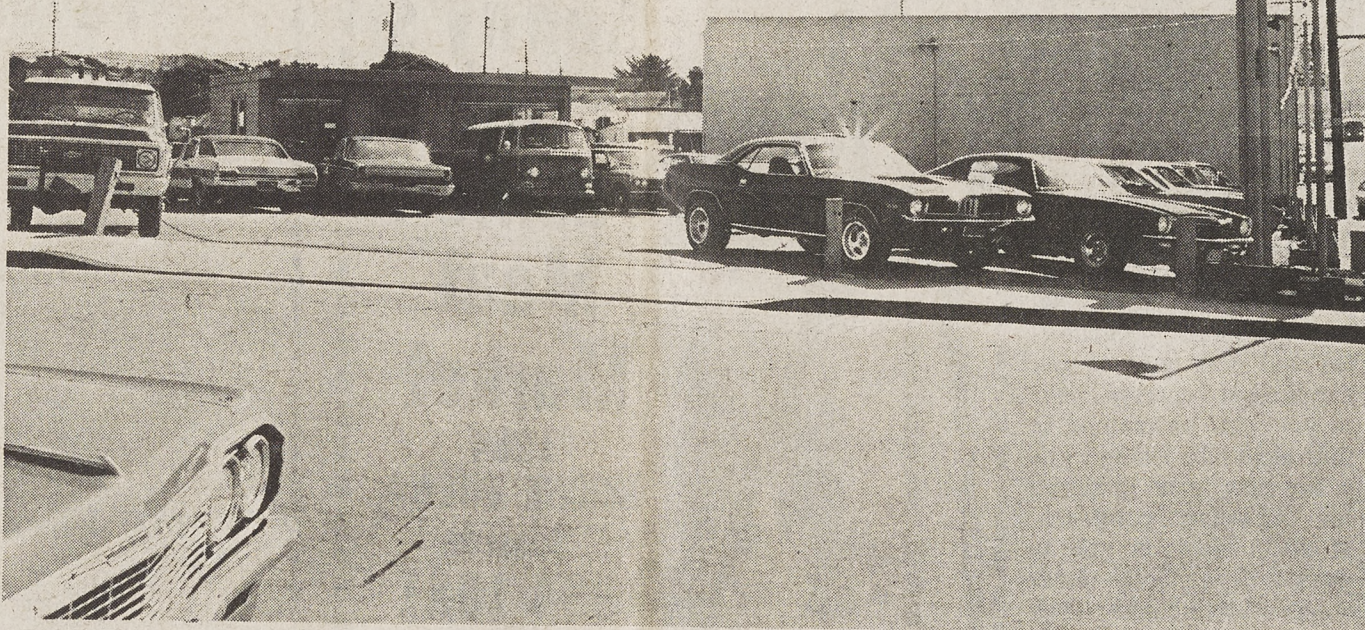

Eventually, 20 Red Cross chapters and nine other organizations will recruit and train volunteers responsible for locating those persons newly eligible for benefits since the restructuring of standards by the federal government. The emphasis of the volunteers' work will be personal contact, since many of these eligible persons are homebound or live in isolated areas.

On January 1, the federal government began administering benefits to persons who are blind, disabled or over 65 years of age, to insure more standardization of qualifications and minimum benefits than had previously existed while under direction of state governments.

Under federal guidelines, the maximum allowable benefits are lower and the number of eligible persons is greater than under jurisdiction of state government. California, however, is providing additional money to this project to insure that all recipients receive at least as much income as they had previously.

Although the SSI program is directed by the Social Security Administration, it is not funded from social security. Rather, the money is from the general fund, and is intended to supplement social security, or any other benefits, to insure a minimum income level for those who qualify.

### BUSINESS OF THE WEEK

THE SEASIDE POST AND NEWS SENTINEL visited advantage of the energy crisis and buy their car now, the new owners of Monterey Bay Motors, located at 1390 Fremont Street, Seaside, CA, where they have one of the most complete lines of used cars in the city of Seaside. The owners, Allen Golden and John Shepherd are well known in Seaside, and advises their customers to take for a good deal.

### Women Voters Week Now Underway

This week has been designated "League of Women Voters Week" by the City Councils of Carmel, Monterey, Pacific Grove and Seaside. On those dates the League of

Women Voters of the Monterey Peninsula will have its annual drive for financial support from the community it serves. The 335 members of the League can point with justifiable

pride to their activities and accomplishments in the past year as they call upon citizens for contributions to help them carry on their programs.

The Christian Science Monitor said about the League of Women Voters, "Their weapon has been education. Members have sought to educate themselves, then others, in civic and governmental affairs. They have done this with a view to action, carrying on vigorous campaigns for reforms ever since the day in 1920 when women got the votes. Their methods have given them a major part in so many victories that their group seems much larger than it is."

How does the League take action on its positions? It acts at local, state and national levels to inform the public, and the elected representatives of the public, of its position on issues. It supports or opposes legislation to do with these positions after study, discussion, and a consensus of the members.

It does not endorse candidates nor is it affiliated with any political party. Membership is open to all women who are citizens of voting age.

Perhaps most identified by the public with Voters Service, which includes Candidates Nights, Pros and Cons and Voter Registration, the League's activity is much broader. It is a non-partisan organization dedicated to the principles of self government as established in the Constitution of the United States. It seeks to inform the public about the operation, problems and issues of government so tha all citizens may cast their votes with understanding and responsibility, and knowledgeably demand better government.

The League has found it necessary in implementing goals to concentrate much of their effort on those areas which are of particular interest or relevance locally. In the past year there has been a continuation of work on Criminal Justice, which includes the Jail Study and has also been broadened to include Adult and Juvenile Probation Services in Monterey County. The committee on Human Resources has extended its concern with Employment, Transportation, Housing and Welfare to encompass a study of American Indian Rights. Campaign Financing and the Equal Rights Amendment, together with Land Use and Environment are additional areas in which the public of the Monterey Peninsula and the League are particularly concerned. A new study begun recently by the League, which was requested by Mayor Coniglio, is an analysis of the Charter of the City of Monterey.

There are League Observers at 26 public boards, commissions, and

### Congratulations To Mayor Dolan

by Steve Ross

My sincere congratulations to Mayor B.J. Dolan upon his re-election to the office of Mayor of Seaside.

Joe's re-election, I believe, is an indication that the people of Seaside are generally satisfied with the direction the city is moving. It also indicates that the people believe that two years is not long enough for a man (or woman) to prove his worth. He needs more time to follow through. I would not have entered the race in the first place, if the Mayor had indicated his intention to seek re-election. We have worked very close together over the past two years. Neither would I have entered the race for Mayor if Mrs. Pearl Carey had entered the race first, notwithstanding my political seniority. This I would not have done in the interest of my own (Black) people. It was in GOOD FAITH that I entered the race for Mayor of Seaside - with the people of Seaside at heart. It was physically too late to withdraw my name from the ballot when the two parties entered the race. At that point I felt morally obligated to defend my name.

There is one other matter that I consider to be of real significance in the vote. The people of Seaside wish their public officials to work together for the common good. There was another human cry heard from this election. There is a real desire on the part of

many of our citizens for CHANGE. There was a cry for UNITY on the part of those who seek change. That unity was not demonstrated on the part of us who should have led the way to it. And I must share a major part of the blame for that. A willingness to give and take are essential elements in achieving UNITY, for ANY Purpose. Those of us who desire unity must demonstrate this, starting with ourselves.

My love for the people of Seaside, and my dedication to serving them remains the same. I have tried to honestly serve all the people of Seaside; although the main beneficiaries of my greatest legislative accomplishments have been the powerless and dispossessed, whose very existence depends upon the willingness and ability of us who are in a position to get government to respond to human needs.

During the remainder of my term of office, I shall continue to work cooperatively with the Mayor and members of the Council. I shall work for harmony and unit, as I have in the past. But I shall also PRESS for change in those areas that I believe change to be essential. I call upon all concerned to support me in such efforts.

Words can not express by GRATITUDE to those who have supported me over the many years of my public service to Seaside. To the Churches, (their members) business men and just plain citizens - I thank each and every one of you from the depth of my heart. Although I may not seek elective office at the Mayor or Council level again in this city, I shall serve this community with continued dedication for the rest of my term.

CONGRATULATIONS to the newly elected Councilman. I look forward to serving with you with full vigor during the next two years.

### Fight To Be Shown Here

J & J Sports Productions has contracted with Video Techniques of New York to bring to the Monterey area the George Foreman/Ken Norton Heavyweight Championship fight via closed circuit television. Tickets for the fight, to be shown March 26 at Palma High School, Salinas, at 6:30 p.m., will be available at the end of this week.

### FACES AROUND THE BAY

MEET Allen Golden and John Shepherd, co-owners of Monterey Bay Motors, Seaside, CA shown above talking with Otis Ray Stevenson, their top salesman. Allen has been in the Monterey Bay Area for over 3 years. He came here from Los Angeles where he was the manager of a new car company. He worked for Monterey Bay Motors for 6 months prior to purchasing it. John was formerly the branch manager of Household Finance for over 10 years. He, like Allen, decided to go into business for himself, and the two purchased the used car lot. Former Candidate for City Council, Otis Ray Stevenson, is widely known throughout the Monterey Community.

### Summer School Dates, Locations Announced

Summer school will be held from June 17 to July 26 this year, officials of the Monterey Peninsula Unified School District have announced.

High School may attend two semesters during that six-week period. The first semester will run from June 17 to July 5 and the second from July 8 to July 26. July 4 will be a holiday for all summer students.

High school students may attend two semesters during that six-week period. The first semester will run from June 17 to July 5 and the second from July 8 to July 26. July 4 will be a holiday for all summer students.

Along with approving those dates for summer operation, district trustees have named eight elemen-

tary schools where summer programs will be offered. They are Monte Vista, La Mesa, Del Rey Woods, Highland (primary grades), Ord Terrace, Stilwell, Crumpton (primary grades) and Marina Vista (intermediate grades). Seaside and Monterey high schools will operate summer classes for all secondary students.

Supt. James Harrison noted that sixth grade youngsters who will be moving into the seventh grade in September will be allowed to take seventh grade summer school classes.

He said plans are currently being made for the summer curriculum, which will be announced at a later date.

### Notice

Due to the increase in postal rates, the Seaside POST and News-Sentinel is forced to increase its subscription rate to new subscribers who wish to receive the paper through the mail.

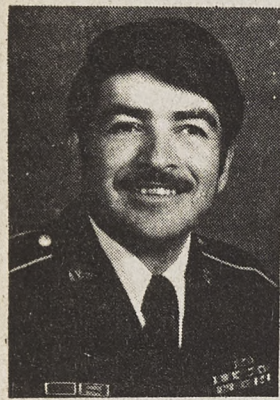

The subscription rate was previously \$5 and will be increased to \$7.50 effective today.

The increase in postal rates to mail 3rd class mail represents an annual raise in cost to The POST of over \$37. The raise in subscription rates is to offset this increased cost.

This is the first time in 20 years The POST has had an increase in subscription rates. In 1950 the rate was \$3.50 per year, raised to \$3.75 in 1954. By 1969 the rate was \$7.50 reduced to \$ in 1970 when The POST Newspaper Group purchased the News-Sentinel.

## Today's Army NEWS By SFC Jose Garcia ARMY RECRUITER

Well here I am back behind the typewriter to continue "TODAY'S ARMY NEWS" and this machine only types with the speed of two fingers. So I hope you bear with me and find the column interesting if you have any questions or comments please be sure to let us know.

To start of this week I would like to congratulate all the Volunteers from the Monterey Peninsula during the month of February.

From Seaside: Mary E. Donohue, Fay A. Kelsey, Leartis H. Allen, Vincent R. Price, Clifford J. Morey. Also Marc S. Grigsby. Other Seaside enlistees included Robert R. Robinson, Gilbert Goltiao and Mark S. Robinson.

Fort Ord was represented by Randall D. Tomblinson, Claudia Earnheart, Theresa D. Peyton and Mary A. Parks.

From Monterey Nestro L. Ursua, Winifred R. Richardson and Daniel R. Corral.

Joseph Y. Cajigal from Marina also enlisted.

All enlisted for a specific option that guarantees training in a field or specific job of their choice or in some cases a location to work after their training.

This week I would like to write some facts about the Food Service Field. Did you know that in 1970 there were 670,000 cooks and chefs working in the United States and by 1980, according to the Department of Labor there will be over one million.

Why is such a sharp increase expected? Several reasons. Population growth, for one. An increasingly larger and more affluent middle class, for another. And the popularity of fast food outlets.

The latter have established themselves as an excellent springboard young people interested in culinary careers.

Another way for a young person to get a job in a top kitchen is to enter a private school offering courses in food preparation. These schools are generally very good and very expensive.

Fortunately, there is another way to go, and it doesn't cost nearly as much. In fact, students at this school get paid. The school is called the Quartermaster school. It's located at Fort Lee, Virginia and is part of TODAY'S ARMY.

Aspiring Army cooks receive countless courses in every aspect of food preparation. These include courses in meat identification, cake and pastry baking, small quantity cooking, garrison mess operations and field mess operations. Most of this is taught during the initial eight-week cooking course offered at Ft. Lee.

Aside from the formal training and practical work experience, Army cooks make pretty good money, \$326.10 per month to start.

If you want more information regarding the Food Service Field in TODAY'S ARMY call us at 372-4742 or stop by our office at 431 Webster St. in Monterey.

## Bridge Will Be Replaced

The Lime Creek bridge on Route 1 in Monterey County will be replaced, according to bids being called by the California Department of Transportation (CALTRANS).

The new concrete structure, 32 feet in width, will replace a narrow and structurally inadequate bridge. Lime Creek is 9.5 miles north of Lucia.

Bids will be opened April 3 in Sacramento. A total of \$335,000 is available for the project.

## Voters . . . . .

Continued from page 1  
councils. Frequently the Observer is the only member of the public present as officials make decisions affecting citizens lives and property. League representatives attend and speak at public hearings concerning current problems relating to established League positions. If you attend these hearings you know their representations in behalf of the public interest are consistent and dependable. There is a Speakers Bureau whose members are available on request to organizations, clubs, and meetings.

In these various ways the League of Women Voters carries out its purpose to promote political responsibility through informed and active participation in good government. Their slogan might well be, LET THE PEOPLE KNOW, MAKE THE PEOPLE CARE, HELP THE PEOPLE ACT.

When you patronize a POST advertiser, tell him—he LIKES TO KNOW.

## Student Trainee Sought

Wanted: Undergraduate college and university students who are interested in putting into practice what they are learning in school. This practical method of 'getting with the program' is offered under the New Student Trainee Job Announcement No. FP-4-01 which covers the states of California, Arizona and Nevada. Starting salary is \$3.46 per hour with promotional opportunities available as trainees progress in school and on the job.

Opportunities exist for students in soil conservation, soil science, range conservation, agricultural

management, agricultural statistics, civil engineering, agricultural engineering, forestry and wildlife. Individuals selected for positions will receive career-conditional appointments. They will work full-time during the summer months and will be furloughed during the academic school year to pursue their studies.

Interested and qualified individuals can apply under Announcement No. FP-4-01 which can be obtained from the U.S. Civil Service Commission, Phoenix Area Office, 522 North Central Ave.,

Phoenix, Arizona 85004 or your nearest Federal Job Information Center or requested by toll-free telephone. Toll-free number for persons residing in the counties of Alameda, Contra Costa, Marin, Monterey, Napa, San Mateo, Santa Clara, San Benito, Santa Cruz, Solano and Sonoma - 800/652-1130.

Residents of Alameda, Albany, Berkeley, Emeryville, Kensington, Piedmont, Richmond, San Leandro, San Lorenzo and El Cerrito should call - 415/273-7211.

Residents of San Jose, Mountain View, Los Altos, Sunnyvale, Campbell, Saratoga and Los Gatos should call - 408/275-7458.

Persons residing in San Francisco county should call - 415/556-6667.

Applications will be accepted until May 10, 1974.

## New Class For Handicapped

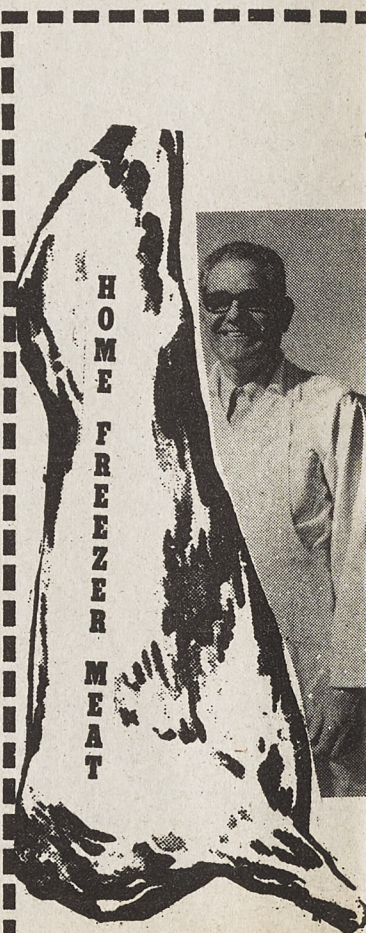

A new class has been started for handicapped adults who can be trained to find and hold jobs.

The class, called Work Experience for the Handicapped, is offered through the Regional Occupational Program in which the Monterey Peninsula, Pacific Grove, Salinas and Gonzales school district participate.

Jim Henderson, work experience coordinator for the handicapped, said the new course is designed to fill a gap that exists between sheltered workshop programs and vocational rehabilitation programs. He said it is open to any handicapped person over 16 who can be trained to find and hold a job and who is not now in or qualified for another program. Students should be able to work independently under supervision, he said. They must reside within the boundaries of the four

participating school districts.

Henderson said a program will be developed for each individual student.

## Job Changes For MPUSD Principals

Monterey Peninsula Unified School District Supt. James Harrison announced recently that four elementary schools will get new principals next year due to the practice of rotating assignments.

The four schools involved are Marina Del Mar, La Mesa, Stilwell and Ord Terrace.

Harrison said James Manning will be transferred from Ord Terrace to Marina Del Mar; John Goodloe will move from Marina Del Mar to Stilwell; Thomas Coyne, principal, and William Story, assistant principal, will transfer from Stilwell to La Mesa and Svend Nielsen will move from La Mesa to Ord Terrace. Richard Holm, assistant principal at Ord Terrace, will remain in that post.

Enrollment projections indicate that Stilwell School, on Fort Ord, will not require an assistant principal next year, the superintendent said. Projections also indicate that Marshall School, also on Fort Ord, will not qualify for an assistant principal next year, Harrison stated. The school qualified this year but chose to put the money that would have gone to an assistant principal's salary to use in other ways.

### AVOIDING CONFUSION

To avoid legal complications, because there is a group in England known as The Spinners, the United States group was billed on its recent British tour as "The Detroit Spinners." When the British group comes here, they will be billed as "The England Spinners."

The enrollment situation will force the reassignment of current La Mesa Assistant Principal Carol Starks to a classroom, Harrison said. Miss Starks was named to the La Mesa position only this year.

Harrison described the job shifts as being "normal reassignment of staff," noting that it has been the district's practice for several years to rotate principal assignments regularly.

He said he does not anticipate making any further reassignments of principals, unless resignations or extraordinary circumstances make such a move necessary.

## Openings In Class For Jewelry Making

Adults interested in chasing and repousse, learning the art of jewelry etching and lost-wax casting can still enroll in a class. White said students can work with inexpensive materials such as brass and bronze, or with silver and gold if they wish.

The class meets Monday and Wednesday evenings from 7 to 10 o'clock and is taught by Paul White, of Big Sur. There is a \$3 registration fee plus lab expenses.

White said students interested in other crafts, such as pottery, may also enroll, but the course will emphasize jewelry design and creation for beginning and advanced students. Among the jewelry fabrication techniques to be covered are soldering, piercing, forging, die-forming,

the mid-west and he has won numerous awards and prizes for his work.

Residents from throughout the Peninsula may enroll. White says his class is structured to accommodate individual student needs.

SHERIFF'S SALE  
NOTICE OF SALE OF REAL PROPERTY UNDER EXECUTION

Kimball-Seaside Co.,  
A Corporation, Plaintiff,  
vs.  
CALVIN H. BRITTON,  
Defendant.

Sheriff's File No. 62436  
Action No. 14656

I, WILLIAM A. DAVENPORT, Sheriff of Monterey County, do hereby certify that by virtue of a Writ of Execution issued on the 24th day of January, 1974, out of the Municipal Court of California, County of Monterey, Monterey-Carmel Judicial District, upon a judgment in the above entitled action, showing a balance in the amount of \$925.50, entered on the 14th day of September, 1973, in favor of KIMBALL-SEASIDE CO., a corporation, judgment creditor, and on the 28th day of January, 1974, I duly levied upon all the right, title and interest of CALVIN H. BRITTON, judgment debtor in said action, in the property hereinafter described as follows:

Assessor's Parcel Number A11-205-10 Commonly known as 1542 Judson Street, Seaside, California.  
PUBLIC NOTICE IS HEREBY GIVEN that on Thursday the 21st day of March, 1974, at 11:00 o'clock A.M., at the front entrance to the Sheriff's Office, County Jail Building, 142 West Alisal Street, City of Salinas, County of Monterey, State of California, I will sell at PUBLIC AUCTION, for cash in lawful money of the United States, all the right, title and interest of said judgment debtor in the above described property, or so much thereof as may be necessary to satisfy said execution, with accrued interest and costs, etc., to the highest and best bidder.

WILLIAM A. DAVENPORT,  
Sheriff of Monterey County

## Teacher Cutback Process Begins

The Monterey Peninsula Unified School District has begun the process of telling nearly 60 of its teachers that they may lose their jobs.

At their meeting March 4, trustees passed a resolution giving Supt. James Harrison the authority to reduce the staff due to an expected drop in enrollment. Harrison said district principals would be directed to meet individually with teachers to inform them that they may not be rehired for next year.

District officials told the school board in mid-February that they expect to lose nearly 1,000 students next year, thus necessitating the staff cutback.

Harrison said the actual number of teachers who may lose their jobs will be

less than the nearly 60 who will be notified. The number will be cut down by resignations and retirements at the end of this year, he said. A preliminary survey has indicated that about 20 teachers plan to resign or retire. The superintendent explained that state law requires that teachers be notified by March 15 if they may not be rehired for the coming year. Final notice of termination must be given by May 15.

Harrison said the layoffs will be made on the basis of seniority. At Monday's meeting, Charles Lovett, speaking for Local 457 of the American Federation of Teachers, told the district his union opposes any cutback "as long as we still have regular classes that are overcrowded" and which "causes the percentage of non-teaching certificated staff to rise."

## TALK IS EVEN CHEAPER BEFORE 8 A.M.

For less than \$1, plus tax, when you dial direct without Operator assistance, you can talk to anywhere within California for 6 minutes, or New York for 4 minutes. (And remember, it's later in the day back East.)

These low Dial Direct rates are in effect between 11 at night and 8 in the morning. And, if you talk longer, extra minutes are at the lowest rates too.

Dial Direct rates do not apply on person, collect, credit card, hotel guest calls, calls charged to another number, or calls over 40 miles placed from coin phones.

The same low Dial Direct rates do apply on Operator-assisted station calls placed from communities where long distance calls cannot be dialed direct.
